Re: Commercial Real Estate Services

To Whom It May Concern:

I am pleased to recommend the real estate services of John O'Brien with Burger & Company to anyone looking to sell their industrial or commercial property. John's efforts and attention to detail really made the difference for us. At the end of the day I was completely satisfied not only with the outcome, but with John's sincere concern that I was happy with the results and understood the process.

In the future, if the need ever arises again, the choice for a real estate broker will be an easy one. While Burger & Company may not be the largest real estate brokerage firm in the area, I know I will have their full attention. And with John involved I know the results will be the best possible.

Please know that acquiring the professional services of Burger & Company will not be a mistake. As they did with me, they will make you feel like their number one priority. You will definitely be pleased with the results.

If you have any questions regarding this recommendation please call me. Good luck to you and your company in the future!

Sincerely,
