Dear Decision Maker,

I am thrilled to share my experience working with Jack Bushart and Burger & Company, and I wholeheartedly recommend their services to anyone considering buying, selling, or leasing industrial property.

When Jack approached me in April about potentially selling my building on Joy Road in Livonia, MI, I was immediately impressed by his proactive approach and confidence. He assured me of a potential buyer who was keenly interested in my property, and true to his word, Jack delivered.

By June, Jack successfully closed a cash offer on terms that were not only acceptable but exceeded my expectations. His professionalism, honesty, and efficiency throughout the process were commendable. By trusting Jack with the sale, I not only saved valuable time and avoided unnecessary stress but also gained the freedom to focus on transitioning smoothly into my new business location.

Jack's ability to deliver results speaks volumes about his dedication and reliability. His straightforward approach and proactive attitude are qualities that any property owner or investor will value immensely.

If you're looking for someone who can deliver off-market opportunities and ensure a seamless transaction, Jack is your go-to expert. I am confident that partnering with Jack will lead to successful outcomes for your property needs. Please feel free to reach out to me directly on my office line at 734-421-3636.

Sincerely,

Joe Goudeseune
