Paul,

Thank you for another comfortable experience with you and your company. I appreciate your time and expertise in the realty arena. Your suggestions, once you knew what I wanted, were intuitive and well thought out. The place you found for us is great.

I want to again confirm that anything we do regarding realty in Michigan will only be handled by your company. Your knowledge and honesty is very special and frankly rare to my experience.

Please feel free to use us as a reference.
