Dear Decision Maker,

I had the pleasure of working with Jack Bushart from Burger & Company starting in late 2022, well before my lease on Farmington Road in Livonia was set to expire. From the outset, Jack took the time to understand my business's growth plans and consistently provided me with properties that aligned with those needs. Over two years, he kept me updated on market trends and was always available, communicative, and prompt in his responses.

He eventually found us the perfect building at Schoolcraft and Stark Road in Livonia, offering fantastic freeway access and visibility. Thanks to Jack's relentless dedication and deep market insight, we were able to make an offer immediately as the property became available and negotiated a highly favorable deal.

What truly set Jack apart was his ability to resolve our existing lease, securing a smooth release from our Farmington Road space by negotiating directly with the landlord. His commitment made the entire process seamless.

I highly recommend Jack Bushart and Burger & Company for their expertise, professionalism, and unwavering dedication to client satisfaction. Feel free to call me with any questions in the new office at 734-469-4661.

Sincerely,

Adam Cullen
